## ON TO BERLIN!!!

AS IT MIGHT HAVE BEEN  
The investigation at Ottawa shows that the patriotic manufacturers supplied our soldiers with rotten boots, and that the patronage system of graft produced inferior field glasses and spavined and useless horses. The graft extended to motor trucks, medical supplies and nearly everything else purchased. Yet those are the same "patriots" who refused to let us sell our wheat to the Americans for fear it would destroy our patriotism. Ye Gods!—Grain Growers' Guide.

## Closing Day at the Horse Show Will Be a Real Red Letter Day

Today is the last day of the spring horse show. Although progress on previous days has been such as to arouse expectations of a great finale, the closing day will be a real red letter day.

The afternoon performance will be particularly interesting. In the first place it will be the last day of the show and all children under twelve years of age accompanied by their parents or guardians will be admitted free. A number of the program shows convincingly that the afternoon program will appeal to big folks and little folks alike.

The afternoon performance will be particularly interesting. In the first place it will be the last day of the show and all children under twelve years of age accompanied by their parents or guardians will be admitted free.

The bill will include Wild West scenes, comedy, singing, dancing and acrobatics. Arthur, Joe and his original company of Wild West performers is scheduled as the feature attraction. ## MARIE TEMPEST AND W. GRAHAM BROWNE

In "The Marriage of Kitty"

Two of the best entertainers with singing and dancing known as the Jambouettes. The first of the new feature will be shown in moving pictures on the Pantages stage.

## ENTERTAINMENT ARTIST AND GAVE AID.

The late O. Henry once told a story of a homeless burglar who, in the act of breaking into a house, discovered the intruder. During the brief conversation that followed, the burglar discovered that the prospective victim was a sufferer from rheumatism and also two jars, forgotten in the more serious business of the night, had been left in exchange prescriptions.

For their attempt. Unhappily, each sympathized with the other. The burglar overheard the music and returned some jewelry he had taken from the dresser, while the owner of the house got out of bed, dressed and returned to the room. The two men were together and immediately began to quarrel. This was merely a story, but it is somewhat similar to an actual experience of W. Graham Browne, leading comedian with Marie Tempest, who will be seen at the Empire next Monday. While in Chicago a few weeks ago, Browne spent some hours one night at the home of a bachelor friend. He was making back to his hotel after an unprofitable game of poker, remaining on the premises of the house when he discovered his neighbor's door was ajar. He went in and found a woman lying on the floor, apparently dead. He called for help and the woman was taken to the hospital. It was found that she was suffering from a heart attack. Browne was charged with the murder and was held in jail for several days. He was eventually released on bail and returned to his home. The story is a true one and is a warning to all who are tempted by the lure of a quick fortune.

## AN ENGINEER ON A PROPHET SAYS MR. SMITH

Manager of McArthur Roads Star  
Witness at Public Accounts  
Committee Meeting

## OPPOSITION CHECKED IN MISREPRESENTATION

Mr. Smith Answers Questions  
Freely, But He Makes Him-  
self Understood

W. R. Smith, general manager and chief engineer of the E. D. and H. C. railway, was the witness yesterday morning at the meeting of the public accounts committee of the legislative assembly. On the scene the previous morning, when Mr. Trevellick called Mr. Smith a liar, and was compelled to withdraw the remark, it was expected that there would be some more lively encounters, but nothing occurred to disturb the serenity of the proceedings.

Mr. Smith was examined by Mr. Trevellick, the member for Centre Calgary, but not allowed to say the word to put his own interpretation on the matters under discussion. Mr. Smith, as a matter of fact, had things all his own way and gave a very convincing account of the cost of the three railways, and the difficulties that had been encountered during construction work.

**Rule In Every Province.**—Regarding the criticism that had been made of the actions of government inspectors, Mr. Smith stated that the inspectors of the railway were not to be faulted. "Made in Canada" is the popular cry today and in order to increase the sale of made-in-Canada goods and at the same time to educate the public along this line the newspapers are endeavoring to give publicity in their columns which emphasize this fact, and this is only one instance in which the same propaganda of advertising is being carried out in every city and town in the Dominion.

Don't miss the opportunity of seeing for yourself what is  
made here. Visit the "Made-in-Edmonton" fair now being held

**COBBLED WITH SKULLS**

"No Man's Land" Between Lines of Trenches Bodies Still Lie Thick—Details of Great Battle Now Only Becoming Known—British Broke Through Too Soon for Best Results.

Neuve Chapelle, April 14, via London, 12:20 p.m.—The ground in the Neuve Chapelle, from which the British drove the Germans in the middle of March, with such a terrible loss of life for both sides, is literally cobbled with human skulls. The dead lie in shallow graves everywhere and the village is littered with weapons and debris. The British have made it so they can not retreat from the village. The ground is so cobbled with skulls that the British have made it so they can not retreat from the village. The ground is so cobbled with skulls that the British have made it so they can not retreat from the village.

**White Crosses Not Landmarks**

Many of the trenches and dugouts where the men live harbor the bodies of thousands of men which were covered with earth after the British broke through. Many have been buried by both the Germans and the British and white crosses today dot the landscape between the lines.

**Two EX-POLEMEN OF WINNIPEG KILLED**

Winnipeg, April 16.—Dated March 16, a letter just received to Chief of Police Donald MacPherson, from ex-soldier Edward Skinner, formerly of Winnipeg, but now attached to No. 2 battalion of the Royal Field Artillery, stated that both ex-soldiers, Jack Irons and Mike MacPherson, were killed after the reported death of the latter in the trenches of which they were the last men to die.

**Entertained the Visitors**

The correspondents were entertained on the British front by an officer in his dugout. Men from the trenches came to the front, wearing goggles, and from which the bullet had been withdrawn and their faces were covered with the marks of the war. They were all very tired and had been fighting for several days.

**German Aviator Penetrates To Within 30 Miles Of London In Daylight Raid**

Daring Feat Accomplished by Enemy Aviator—Drops Bombs First at Herne Bay, Passes Over Canterbury and Then Attacks Sittingbourne and Faversham

London, April 16.—German aviators this afternoon were dropping bombs in Kent within thirty miles of London. The machines first made their appearance over Herne Bay, to the east of Canterbury, and about fifty miles from London. Within a few minutes they were reported over Sittingbourne and then over Faversham, and there over Sittingbourne, not more than thirty miles from London, they dropped bombs on each town. This was the first German raid on the eastern coast of England.

**At Herne Bay**

London, April 16, 2 p.m.—It is reported that a German aeroplane at midday today, dropped bombs on Herne Bay, in Kent, six miles from Canterbury. Herne Bay is a town and watering place on an estuary of the Thames, with a population of about 7,000. It is fifty miles from London.

**No Bombs at Canterbury**

London, April 16, 2:20 p.m.—Two hostile aeroplanes are reported over the city of Canterbury, which is 25 miles southeast of London. Although there have been reports for some time that the German raiders drop no bombs, it is now said that this is not the case.

**Two Other Points Visited**

London, April 16, 2:30 p.m.—A third hostile aeroplane dropped bombs this afternoon on Sittingbourne and Faversham.

Sittingbourne is in the county of Kent, ten miles from Rochester. It has a population of 3,000. Faversham is in Kent, and is ten miles from Sittingbourne. It has a population of 12,000.

**Health in Old Age**

Old age and low vitality go hand-in-hand. The blood gets thin and watery; the nerves, failing to get proper nourishment, become exhausted. Since nerve force is the power which runs the machinery of the body, when this is lacking the bodily organs lag, and the result is pain, weakness and suffering.

Build up the reserve force of nervous energy, and you put new vigor into mind and body. Dr. Chase's Nerve Food will help you to do this as nothing else can. It is a source of unbounded blessing to people of advanced years. With the nerve cells revitalized the vital organs resume their natural functions—digestion is improved—the liver, kidneys and bowels are more active in eliminating the poisons from the system—the blood-stream is enriched, and the health is benefited in every way. Just try a half-dozen of this great Food Cure, and you will understand why so many people are enthusiastic about it.

## WHOLE FAMILY USES THEM

"Fruit-a-lives" Keeps Young And Old In Splendid Health

J. W. HAMMOND, F.R.S.

SCOTLAND, ORE., April 10th, 1913  
"Fruit-a-lives" are the only pills manufactured, to my way of thinking. They work completely, no gripping whatever, and one is plenty for any ordinary person at a dose. My wife was martyred to Constipation, and everything on the calendar without satisfaction, and spent large sums of money until we happened on "Fruit-a-lives". I cannot say too much in their favor.

We have used them in the family for about two years and we would not use anything else as long as we can get "Fruit-a-lives".

Their action is mild, and no distress whatever. Have recommended them to many other people, and our whole family uses them.

Those who have been cured by "Fruit-a-lives" are proud and happy. Tell a sick or ailing friend about these wonderful tablets made from fruit juices. A box, 6 for \$2.50, trial size 50c. Attaches order or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

## SIR JOHN FRENCH'S REPORT ON THE BATTLES OF NEUVE CHAPELLE AND ST. ELOI

Field Marshall's Official Resume of Two Great Victories—Failure to Follow up Capture of Village Due to Delay Caused by Not Carrying Out Orders of General Hall.

Field Marshall French's report, which covered the battles of Neuve Chapelle and St. Eloi, was published in the official Gazette Thursday. The commander-in-chief's report is a masterpiece of brevity and clarity.

The main attack was delivered by the troops of the first army, under command of General Sir Douglas Haig, supported by a large force of heavy artillery. The attack was successful in capturing the village of Neuve Chapelle.

The success attained was due to the magnificent bearing and indomitable courage displayed by the troops of the fourth and Indian corps. The attack was successful in capturing the village of Neuve Chapelle.

The most important point in selecting an automobile is to know the reputation of the Company—"Who is Behind It?"

New makes of automobiles come and go year after year.

The question of service should be considered carefully.

Buy from a well-established company.

INFORMATION REFUSED AS TO NUMBER IN TRAINING

British Empire Has Produced the Greatest Volunteer Army World Has Ever Seen.

London, April 16.—It is impossible even for members of parliament to find out how many soldiers Great Britain has in training. They have not the right to ask the War Office, which has refused to answer it, saying that the information would be of value to the enemy that it must remain secret.

Meanwhile the friends of democracy, which include Lord Kitchener's supporters, are pressing the need of training for the form of the British Empire, the government should start without delay, some compulsory system.

This government should not be allowed to neglect the training of its young soldiers, which is the only way to ensure the safety of the British Empire, the government should start without delay, some compulsory system.
